SUMMER STOCK OPENS IN ATLANTA IN APRIL

Lucille LaVerne Company Will
Play Either at Grand
or Lyric.

Either the Grand or Lyric will be the home of the Lucille LaVerne company for the spring and summer season in Atlanta. Jake Wells has not yet decided which of the two theaters to use. The company will arrive in Atlanta on April 2 and will open the season on Easter Monday with David Belasco's "The Girl." Miss LaVerne has a company of fifteen college-bred men and beautiful girls. She has a reputation that is going to be of great value here. The members of the company will be Miss Margaret Chaffee, an Atlanta high school girl.

RABBI YOOD WILL SPEAK AT AHAVATH ZION TODAY

Rabbi H. Yood will address the children of the Ahavath Zion Sunday school this morning at 11 o'clock at the Dilmer Street synagogue.

The life of W. H. Thornton, a well-known citizen of Cordele, was crushed out beneath the wheels of the engine of No. 2, northbound, Georgia Southern and Florida passenger train at the union station here about 2 o'clock this afternoon.

His legs were run to a pulp and severed from his body just above the knees. His skull was crushed and he was otherwise horribly mangled. His body was dragged about 25 feet, and one of his legs was left on the tracks where the engine first struck him. He did not regain consciousness after the accident, dying within two minutes after a physician reached him.

For more than eight years Thornton had operated a dry and transfer line in Cordele, and he leaves a widow and several grown children here.

E. E. Long, of Macon, engineer of the train, makes the statement that he did not know that the engine had run down a man until he brought the train to a stop at the station. W. H. Yetter, a traveling man, of Macon, states that Thornton approached the tracks from the freight side of the engine, though the negro freeman says that he saw no one on the track.

Evidently the dead man did not hear the train approaching, there being several other trains at the station making a deafening noise. There were several hundred persons at the station, and women and children were thrown into a panic by the horrible accident.

**MAN CRUSHED OUT
BY TRAIN WHEELS
LIFE OF CORDELE**

Cordele, Ga., March 28.—(Special).—The life of W. H. Thornton, a well-known citizen of Cordele, was crushed out beneath the wheels of the engine of No. 2, northbound, Georgia Southern and Florida passenger train at the union station here about 2 o'clock this afternoon.

His legs were run to a pulp and severed from his body just above the knees. His skull was crushed and he was otherwise horribly mangled. His body was dragged about 25 feet, and one of his legs was left on the tracks where the engine first struck him. He did not regain consciousness after the accident, dying within two minutes after a physician reached him.

For more than eight years Thornton had operated a dry and transfer line in Cordele, and he leaves a widow and several grown children here.

E. E. Long, of Macon, engineer of the train, makes the statement that he did not know that the engine had run down a man until he brought the train to a stop at the station. W. H. Yetter, a traveling man, of Macon, states that Thornton approached the tracks from the freight side of the engine, though the negro freeman says that he saw no one on the track.

Evidently the dead man did not hear the train approaching, there being several other trains at the station making a deafening noise. There were several hundred persons at the station, and women and children were thrown into a panic by the horrible accident.

**No Matinee on Monday
At Forsyth as Tribute
To B. F. Keith's Memory**

Jake Wells has wired Hugh Cardona from New York to cancel the Monday matinee at the Forsyth as a mark of respect to his friend, Benjamin F. Keith, the founder of the present day high standard of excellence. Mr. Keith died at Palm Beach, Fla., Thursday night and the funeral will be at Boston on Monday afternoon. Mr. Wells' instructions will close the Forsyth at matinee, at which time the services will be held in Boston. The regular schedule of performances will be continued, starting Monday afternoon.

Mr. Keith brought mid-time variety and great value to some of the most important chain of theaters all over the eastern part of the country, and accepted the booking of a favored few managers in other places.

He had not been actively identified with the business for some time, having turned over to his son, Paul Keith, and his associate, E. P. Allen. It is generally understood that all the active Keith theaters will be closed on Monday afternoon and that many of those affiliated with the memory of Mr. Keith have enjoyed the personal friendship of Mr. Keith and was in the ordering bill of the Wells vaudeville theaters closed Monday afternoon.

**ROME MAN'S THROAT
SLASHED BY NEGRO**

Rome, Ga., March 28.—(Special).—Edward Williams, a white man, was slain here at the point of death by a negro, who was shot and killed by an unknown negro who has made his escape.

Williams says he gave the negro \$5 to buy whisky, that when the negro returned he gave him the liquor, but he changed and upon demand for the money, he drew a knife and slashed the man's throat. The man almost died before aid could reach him.

Velie TRUCKS

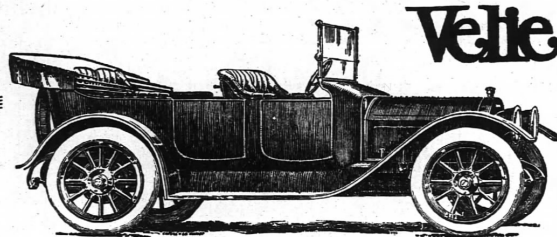

One, Two and Three Tons

Built in an entirely separate factory by an entirely different force, the Velie Company is making three-ton, two-ton and one-ton trucks that have established the VELIE as one of the leading four makes of trucks in the country.

These are the four to which experienced buyers are now devoting their sole attention and from which they always make their choice.

In comparative specifications in practically every feature adding to service, economy or general ease of operation, the VELIE shows marked advantages.

Demonstrations Cheerfully Given on Request

Velie

Specifications of Velie "4-45"

ENGINE—4-cylinder cast in pairs "L" type. Bore 4.5 in. Stroke 5.5 in.
CRANK CASE—Copper aluminum in two halves supported by 4 pillars.
CRANK SHAFT—Large 3 bearing crank shaft with wide bearing surfaces.
BEARINGS—Made of best babbit metal.
VALVES—2 in. diameter, mechanically operated and interchangeable.
PUMP AND CAM SHAFT DRIVE—Front motor.
IGNITION—Boch Dual system. Magneto at extreme front of motor.
LUBRICATION—Constant level circulating system oil reservoir fitted with visible oil gauge. Oil fed on dash.
COOLING SYSTEM—Honeycomb radiator. 8-gal capacity. Centrifugal water pump. Located at top of cylinder base.
CARBURETOR—Stromberg. Carburetor located at top of cylinder base. Pressure feed from 18-gallon tank at rear.
WHEELS—34-in. wire wheels.
TIRES—34-in. front and rear. Quick detachable demountable rims.
CLUTCH—Velle special dry plate clutch. Hydraulic friction plates give delicate and positive action.
CONTROL—Left drive with change gear and emergency brake levers in center of driver's compartment.
TRANSMISSION—Selective sliding type. Needs forward one reverse. Direct drive on third speed.
STEERING GEAR—Worm and sector type located at left side of car.
ELECTRIC STARTING AND LIGHTING—Gray & Davis electric motor starter and electric lights. Starter turns motor by silent chain geared to crank shaft at front. Noisesless in operation. Pressure on one button starts engine. Lamps controlled by switch on dash.
EQUIPMENT—Molair top. Collapsible demountable ring. Coast rail. Electric horn. Complete set of tools. Tool chest under front seat.
COLORS—Standard, Velie blue; optional, Velie green.

Service—Satisfaction—

Backed By a Sound Factory— Supports the VELIE

Backed by a factory who have been successful manufacturers for over 60 years, always giving the best values possible for the money. Being closely affiliated with the oldest implement manufacturers in the United States, the John Deere Plow Company, the financial resources of the Velie Motor Vehicle Company are practically unlimited.

Velie Development Conservative

Velie development has always been conservative, sane and careful, but it has been along the right lines. The stand taken by Velie engineers has always proven the right one. Thousands of Velie cars giving perfect and continued satisfaction to their owners demonstrate this daily.

Changes in design have been made only after the most careful experiments. Every step has added to efficiency, economy and general service.

And the lead established by the Velie in its important essentials has been permanent.

A Company With Strength to Back Up Its Convictions

Back of the courage of Velie engineers is a company of tremendous prestige and financial responsibility. It takes all of these to build the right kind of a car.

The manufacturing prestige and financial responsibility are the interest that the owner draws on his investment in a Velie car.

The support back of the Velie factory has never made it necessary, for us to grab at spectacular selling arguments, hoping to be able to dispose of our product.

The car has been made along right lines, and sold along right lines; the ultimate satisfaction of the user has been the only controlling factor.

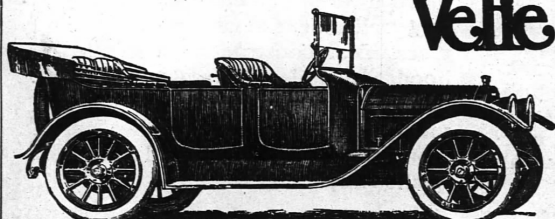

VELIE

The real value of your car lies not in the first cost, but the service you can get out of it. Can not service best be assured by purchasing from a reliable manufacturer? **Demonstrations Cheerfully Given on Request.**

Velie

Specifications of the Velie "6-50"

ENGINE—6-cylinder cast in triplets. "L" head type. Bore 5.5 in. Stroke 6.5 in.

One Bad Inning And Braves Win From the Locals

Fatal First Round--Score
7 to 4--Red Lynch Stars
With Stick--Good Crowd
Out.

By Dick Jemison.
One bad inning, the first, caused the downfall of the Crackers by a 7 to 4 count Saturday afternoon, and the game was a good one and thoroughly enjoyed until the last man was out. The Braves were the victors in the initial chapter, the Crackers settled down and gave the Braves a hard fight, threatening all the time to break into the lead, but the Braves must have won at critical times.

Lynch Hits Hard.
Red Lynch, the sorrel topped third baseman of the Crackers, was the star from the Cracker standpoint, alighting on three vicious blows in one inning to the plate, one of them a two-run homer. Despite his sore arm, he pitched the part of the game in fine style. He was met by Salmons in fine style, fighting from the drop of the bat. This was the only time the Braves must have won at critical times.

Pitchers Show Well.
Jap Edger started the game for the Crackers, and after weathering the first inning, he pitched the other four innings in fine style. He was met by Salmons in fine style, fighting from the drop of the bat. This was the only time the Braves must have won at critical times.

How They Scored.
The Braves grabbed on six runs in the first inning, and in the second inning they scored three runs. The Crackers scored one run in the third inning, and the Braves scored two runs in the fourth inning.

Defeat Auburn in Second Game of the Series 10 to 5.
Rain Spoils Third Game, Pitts in Form.

By Dick Jemison.
The Crackers and the Braves played the second game of the series in the third inning, and the Braves scored two runs. The Crackers scored one run in the fourth inning, and the Braves scored two runs in the fifth inning.

How They Scored.
The Crackers scored one run in the first inning, and the Braves scored two runs in the second inning. The Crackers scored one run in the third inning, and the Braves scored two runs in the fourth inning.

How They Scored.
The Crackers scored one run in the first inning, and the Braves scored two runs in the second inning. The Crackers scored one run in the third inning, and the Braves scored two runs in the fourth inning.

How They Scored.
The Crackers scored one run in the first inning, and the Braves scored two runs in the second inning. The Crackers scored one run in the third inning, and the Braves scored two runs in the fourth inning.

How They Scored.
The Crackers scored one run in the first inning, and the Braves scored two runs in the second inning. The Crackers scored one run in the third inning, and the Braves scored two runs in the fourth inning.

How They Scored.
The Crackers scored one run in the first inning, and the Braves scored two runs in the second inning. The Crackers scored one run in the third inning, and the Braves scored two runs in the fourth inning.

How They Scored.
The Crackers scored one run in the first inning, and the Braves scored two runs in the second inning. The Crackers scored one run in the third inning, and the Braves scored two runs in the fourth inning.

How They Scored.
The Crackers scored one run in the first inning, and the Braves scored two runs in the second inning. The Crackers scored one run in the third inning, and the Braves scored two runs in the fourth inning.

How They Scored.
The Crackers scored one run in the first inning, and the Braves scored two runs in the second inning. The Crackers scored one run in the third inning, and the Braves scored two runs in the fourth inning.

WHICH TWO WILL GRAB REGULAR JOBS?

JOE DUNN. HAM REYNOLDS. DUTCH MUNCH.
The three candidates for catching positions on the 1914 Crackers. Which two will be retained? These three men apparently have an equal show at the receiving jobs to date. Soreness in their throwing arms has prevented any one of the men from showing his full ability. The veteran receiver is catching splendidly but has never thrown, and meeting the ball well. His experience and wise head makes him a sure choice. It is then a question of which of the other two, Reynolds and Munch, will land the other job. Reynolds has been handicapped since reporting with a split finger. Now that this is healed, and Munch's arm is well again, the battle between these two

YELLOW JACKETS REVERSE COUNT.
The Crackers and the Braves played the second game of the series in the third inning, and the Braves scored two runs. The Crackers scored one run in the fourth inning, and the Braves scored two runs in the fifth inning.

BIRMINGHAM AND NAPS LEAVE TRAINING CAMP.
Arrived in Atlanta Last Night. Play Four Games at Ponce This Week.

Joe Birmingham and his Cleveland Naps, thirty-two strong, arrived in Atlanta last night from Athens, Ga., where they have been training this spring.

DUMB DAN MORGAN SHREWD MANAGER.
His Methods Get Results. Even If Many Do Not Approve of Them--Levinaky an Example.

By James J. Connelly.
There may be those among us who do not approve of the methods of Dumb Dan Morgan, but his methods of securing publicity for his team are certainly not to be despised. For a boxer to get in Dan's stable, he must be a first-class fighter. Dan Morgan is a shrewd manager, and through his own ability and through his own methods of securing publicity for his team, he has made his name as a manager.

OXFORD RELAY TEAM MEETS PENNSYLVANIA.
International Aspect to Big Event at Philadelphia Arouses Considerable Interest.

By Edward R. Bushnell.
Tremendous interest has been aroused in the Oxford relay team, which will meet the Pennsylvania relay team in a four-mile relay race at Philadelphia, April 23. In England the Oxford relay team is one of the best, and in the United States the Pennsylvania relay team is one of the best.

IN THE ELEVENTH GEORGIA VICTORS.
Series With Clemson Tigers Is Evened in a Most Sensational Battle--The Final Score 7 to 6.

By Clark Howell, Jr.
Athens, Ga., March 28--(Special.)--In a sensational game of baseball, played at Athens, Ga., the Georgia team defeated the Clemson team by the score of 7 to 6. The game was a sensational one, and the Georgia team was the victor.

EMORY "FEDERALS" HAVE BEEN FORMED.
The Emory College, Oxford, Ga., has formed a team of football players, known as the "Federal" team. The team is composed of players from the Emory College and the University of Georgia.

Governor West, of Oregon, Speaks Here on Suffrage; Local Suffragists Are Busy

Jerome Jones, of the Federation of Labor, directed the league on "Suffrage and Labor."

Mrs. H. Smith, secretary, read before the league a letter from Mrs. Mary Ware Dennett, of the National American Suffrage association, New York, to Mrs. Frances S. Whiteside, president, asking for the photograph of the president and of others, and facts concerning the league, to be used in the magazine on the woman suffrage situation in the south.

She stated: "I am so glad that our southern trip gave us an opportunity to meet and to have some first-hand appreciation of your work."

Attractive Visitor

Photo by Minsberg & Phillips.
MISS HORTENSE HERRMAN,
of Eastman, the lovely guest of Mrs. Frank Winecoff.

For Miss Denk.

Miss Selma Brantley entertained Tuesday at a maine party at the Forest, with tea afterwards at the Annex. Miss Anne Denk, of Detroit, whose marriage to Mr. Carl Denk, of this city, took place April 1. The guests were Miss Mamie Bilem, Miss Minnie Silver, Miss Lottie Munch, of Benton Harbor, Mich.; Mrs. John Collier, Mrs. Henry Lallatte, Mrs. William Troutman, Mrs. Theodore Marks and Mrs. Henry Munch. Mrs. Minnie Lallatte was hostess at an auction-bridge party Friday afternoon at the Forest. Pink and white carnations decorated the dining room where the game was played. Miss Woodworth, of Forest, made out score, and Miss Cecyl Bosche out the consolation. The guest of

honor was given a cut-glass berry bowl.
Miss Denk wore a blue-crepe mace, with corsage bouquet of pink roses, with hat to match her gown. Mrs. Lallatte wore turquoise blue robe de chambre, and she was assisted in entertaining by Mrs. George Man.
The guests were Misses Colina Brantley, Mamie Bilem, Minnie Silver, Maude Kollstone, Ruby Lawton, Margaret Murphy, Mary Heine, Mrs. Thomas Munch, Mrs. Henry Munch, Mrs. Theodore Marks, Mrs. George Man, Mrs. Cecyl Bosche and Miss Woodworth.
Mrs. Theodore Marks gave a hot party yesterday afternoon at the Forest, with a tea at the Annex after the maine. The tea table was attractively decorated, and the sandwiches, cakes and ices were heart-shaped.

Women's Easter Suits, Dresses and Coats

Exceptionally Attractive Suits

Reproduced from latest foreign models especially for J. P. Allen & Co.
A very large and attractive assortment for selection, including the materials and colorings that are most in demand for the coming season.
A special purchase of materials and a special order for fine work to be seen on these suits are the essential plans
that made them what they are at **\$25.00**

Golfing Suits

Women's Suits of Golfing for the game. Belted jackets and skirts of right construction in the new
French colors **\$16.50**

Distinctive Fancy Silk Suits

Reproductions of foreign models in beautiful silk materials. Silk Poplin, Moire Silk, Chiffon Taffeta, Silk Bengaline and Velour-de-Soie in the newest and prettiest colorings of the season.
The spring Silk Suit is a marvel in its design, and a thing of real elegance in its result.

Soft and refined in its intent, the justifying touches are rich, creamy lace at neck and wrists, pretty, up-standing collars and artful drapery—

\$30.00 to \$65.00

New Spring Dresses

Black Taffeta Dresses \$15.00

A special purchase of black Taffeta Dresses enables us to offer a collection of handsome and distinctive models at \$15.00. The style presents the new ideas of the season, skirt trimmed with double frills, pointed and silk bound; blouse opening over soft, creamy net vestee. They're unusual in
value. Worth \$22.50—to sell **\$15.00**

The "Psyche" Dansante Dresses

You'd hardly "hesitate" to purchase several pretty, dainty taffeta and crepe Dancing Dresses, when you buy them for "a song." They're the real "hesitation" models, having double ruffle of taffeta on the skirt, and bodice of lace, soft and fine. Delicate blue, pink, yellow rose and
white. \$20.00 value **\$12.95**

The Story of Your Easter Millinery

Paul Poirer says there are few exceptional representative American establishments who are thoroughly in sympathy with the best that Paris does. Of the thousands of charming fantasies, adorable conceits and interesting novelties launched each season, who selects the ones which you may condemn or indorse?

The Allen representatives abroad are instructed to bring Paris to Atlanta—then to allow the American woman herself to say what she will or will not adopt.

This is the secret of the exceptional success of the Allen Millinery.

The Modish Shapes

Here you can find all of the novelties, as well as the more conservative styles; the Marie Edmee bandeau models; the Reboux sailor; the Georgette Italian Plateau hat; the horse-hair hats introduced by Talbot; the high turbans, marquis tricornes and toques which each maker rivals the other in varying.

Hats for Special Purposes

So large is the new section and the augmented corps of designers kept constantly working, that we carry at all times a surprisingly large assortment of hats for tourists; sport hats, models especially designed for motorists; riding, sailors and derbies; hats for the elderly woman and for mourning.

Special Preparation of Afternoon and Evening Hats for Grand Opera

Manicuring, Hair Dressing, Beauty Parlor, Fourth Floor. Miss Theresa Zahn, Manager.

J. P. Allen & Co. 51-53 Whitehall

Evening Gowns

Four most fascinating models were shown the writer—pale blue with rich, creamy lace; pink, with white lace bodice, and accordion pleated, double tunic; one of daring golden glow, one of black with black lace bodice and single red rose adornment.

Dainty frills of net top laces and tulle and soft vestee effects of the fashionable laces are features of the graceful kimono blouse bodices. Frills, ruffles, panniers and tunics are introduced in novel and effective styles in the skirts.

\$25.00, \$30.00 and \$35.00

Confirmation and Graduation Dresses

of deep net top lace flounces, tucked frills and tunics. All over embroidered net used in every attractive form. These are the new dresses for confirmation use—and later for graduation use—

\$10, \$12.50, \$15, \$16.50, \$19.75, \$25, \$35

New Cotton Crepes and Voiles

Art is the thing that has made the new cotton supreme in its individual styles. In quiet black and white, blue and white and with brilliant colored embroidered designs, lace trimmed and most artfully draped—here they are in full summer glory—

\$16.75 to \$85.00

The New Wraps and Coats

for spring are now assembled in a representative collection of imported models, and American variations which will appeal to every woman of taste. It includes smart little Coatees and Mantellets; Wraps and Capes in the popular bouffant effects; nobby Coats for the street, as well as for travel or motor wear; and all the varieties of feminine Outer garments sanctioned by the present fashion.

The New Cape Coat

Just from Paris—Bernard's newest design in the Cape Coat, of short length, the back of the coat having cape or hood effect, with rolling collar—quite a new effect.

In Shepherd checks trimmed with Roman silk and having brilliant green satin lining, 'tis a very striking garment. Again it is shown in blue with blue satin lining and Roman silk trimmings—

\$25 and \$35

26,889 Autos, Valued at \$27,000,000, Exported in 1913, According to Statistics Just Compiled.

decline.

By the year 1912, the United States exported 76,839 automobiles, 1,969 of them commercial vehicles, valued at \$1,000,000. In 1913, the exports rose 18 per cent over 1912, when the exports were valued at \$1,180,000, or 50,528, while in 1914 the figures were 52,000, valued at \$1,200,000.

It is to the fact that the average value for the three years is about \$1,000,000, or \$19.00 per automobile, that we are indebted for the fact that Americans are holding their own and that, because of the fact that the United States automobiles, the foreigners are in equal competition with the automobiles of Europe and luxurious products of American makers.

In addition to the regular figures, it must be remembered that two American automobile manufacturers, the Packard Motor Car Company and the Daimler-Benz Motor Car Company in London made approximately 100,000 automobiles in 1913 for export trade. The parts and accessory exports amounted to \$7,906,537, with tires, \$2,200,000, and the total value of the automobile industry in 1913 were \$28,000,000.

The Hoosiers who last year toured from Indianapolis to Pacific coast are contemplating a tour this year, which will be routed to Louisville, thence by boat to Memphis, where the overland journey will be taken up to Dallas and thence northward via Oklahoma, Kansas, Missouri and Illinois to Indiana. This event will be a trade boosting tour as have been previous events for several years.

**Remarkable Record Attained
by a 25-Horsepower
Motor.**

Recent 300-hour trial given at Jacksonville, Fla., by the company. The staged, merely as private performance, says Mr. Benner. But I believe the results are sufficient to show the worth of the low-powered motor contrasted with the high-powered type on the market. We may decide at some future time to make a test of the motor on a large number of automobiles of the Automobile Club of America or the A. A. A. A speedometer stand on Tuesday, the motor was put in the car and the car was driven casually until the following Monday morning. When stopped at 9 a. m. on Monday, the odometer showed 100 or an equivalent of 7.63 miles. During this period the motor was subjected to a maximum speed of 100 m. p. h. at a speed of 1,000 R. P. M. Expressed in terms of the car, says Mr. Benner, this would pull the car with its

For the first three days of the test the replacement of two spark plugs, the cleaning of the valves, the cleaning of the carburetor and the motor was kept running on gasoline until the carburetor was cleaned and replaced, but again cleaned to impurities in the fuel. This time the engine was run for five minutes in five minutes time without affecting the readings. On Saturday, another test was run for five minutes and then until Monday morning no further tests were run.

Following the long run Chief Engineer was called to the engine room to look down for examination. Despite the fact that the engine had been run for more than an average year in the service of the ship, the engine was in excellent condition. Took marks still showed in the cylinders and the valves were in good condition. The pistons were in good condition, the connecting rods were in good condition, the crankshaft was in good condition, the main bearings were in good condition, the push rods and main bearings. One of the marks that were found in the test was that took place in the moving parts of the engine. The marks were found in the test was obtained at the close of the run then at the final stop on the test.

Benner says: "This trial has proven to my complete satisfaction that the properly lubricated will stand up as long as you maintain them. Moreover, I believe, produce more horsepower per part of the motor which could be better used in maintaining the machine. It could undoubtedly have been prolonged without any major adjustments."

**AUTOMOBILE TOURING
HEALTHFUL, SAYS HULL**

"It is said that automobile touring is less popular than formerly. Physical and nervous strain from long rides, given as the reasons. This is a pity, for it is one of the healthiest and most useful ways to travel in the open air," says Mr. Hull.

"Long distance traveling by automobile is no longer what it once was. The

ble to be successful must be accomplished without fatigue and without unreasonable cost or annoying tire trouble. This is entirely feasible as trips two hundred and even three hundred and fifty miles a day without taxing the strength of driver or passengers are often made today.

The care of the car and easy-riding car of medium size is the one used for long distance traveling, short trips or city work. The expense is less and the pleasure is greater."

NEW RECORD IS SET AT SAXON FACTORY

Biggest Shipment of Cars
in History of Detroit Plant
Made During the Past
Week.

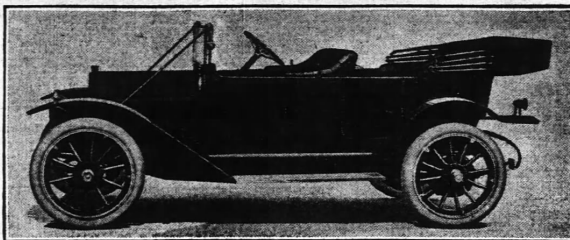

More records in shipments of Saxon cars were smashed this week when car load lots of Saxons went forward from the Detroit factory to distributors in eighteen leading cities in the country.

Along with information to this effect, President H. W. Ford, of the Saxon Motor company, announces that all the Saxon dealers have by now been taken care of from the smaller towns having demonstrators with the prospect of more cars shortly.

These speed records of the Saxon company have created as great a sensation as was made by the first announcement of this car. Automobile men declare that there is no other instance on record where a manufacturer has got under way with quantity production so soon after a car was placed on the market.

"Though we have been ahead of our production schedule from the start, we don't seem able to build the cars fast enough," says Mr. Ford. "Dealers in

Velie "4-35" Five-Passenger Touring Car

all sections of the country have applied for 2,000 cars, to say nothing of blank orders from many dealers to ship as many cars as we can as fast as we can. Though the Saxon car was announced only a few months ago, the estimated

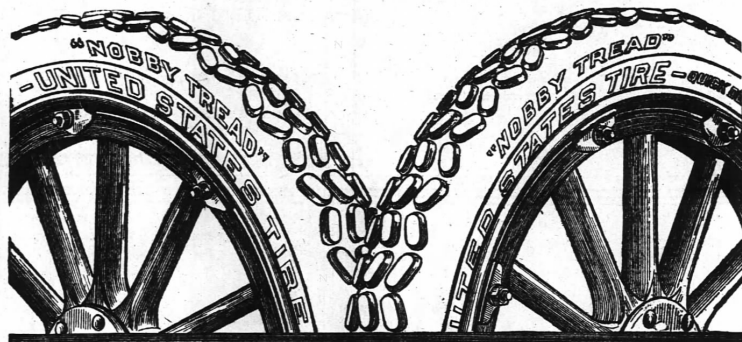

RUSSIA GETS SURPRISE IN AN AMERICAN TRUCK

Gramm Machine, Equipped
With Firestone Tires, Makes
Good in Hurry.

Just about the time when Uncle Sam was putting an end to the Russian

treaty of 1921, and the czar's government was threatening dire consequences to American trade, a Gramm truck equipped with Firestone tires was sent to St. Petersburg. Truck and tires went on a chance, the American consular reports having said that the Russian war department was in the market since they had sent several orders to Lima. As a result the Russian war department was in the market for the first American truck in Russia, equipped with Firestone commercial tires, is giving European manufacturers something to worry about. The Russian war minister and his engineers wore a Missouri air when

first shown the Gramm. The nation of the truck earned that equipment a good word. Broad and flat, there was not as much chance for them to be bogged in the wretched Russian roads as the oval tires that had been used. Three trips from St. Petersburg to Casse-Kasselin, the czar's summer palace, carrying lumber and construction iron, work was one of the loads, in which the truck was put. The round trip was 55 miles over crown roads. Twelve tons were carried. Three

Punctures 90% Less

Investigations prove that with "Nobby Tread" Tires punctures are 90% less than with the average tire.

The big, thick "nobs" on "Nobby Tread" Tires stand out so far from the shoe that nails, glass, sharp stones, etc., hardly ever reach the shoe.

Study the "nobs," their size, their thickness, and the way they are placed, and you will understand why.

And remember this—you have got to wear out these big, thick, tough "nobs" before you even start to wear out the extra strong tire underneath—that is one reason why experts call "Nobby Treads"

Two Tires in One

The original wear-resisting quality, the quantity of rubber, the methods of construction—all have been rigidly maintained in "Nobby Tread" Tires, and maintained regardless of cost and regardless of price competition.

"Nobby Tread" Tires are the largest selling high-grade anti-skid tires in the world, and they are REAL anti-skid Tires.

Based upon their remarkable mileage records

"Nobby Tread" Tires

are now sold under our regular warranty—perfect workmanship and material—BUT any adjustments are on a basis of

5,000 Miles

Thousands upon thousands of veteran motorists now use "Nobby Tread" Tires on their front and rear wheels through all seasons, because they are such phenomenal mileage tires and real anti-skid tires.

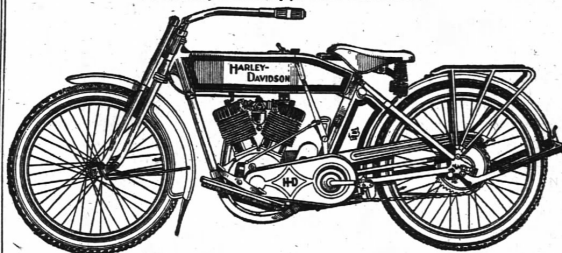

United States Tire Company

NOTE: THIS—Dealers who sell UNITED STATES TIRES sell the best of everything.

HARLEY-DAVIDSON Southern Branch Sales Show an Increase of 68% Over the Same Period a Year Ago Up to March 1st.

Georgia, Alabama, North and South Carolina,
Florida, Mississippi and Tennessee

Both the south and main Harley-Davidson factories are running 24 hours a day. This big business can be attributed to no other fact than that **we have the goods.** Every day Harley-Davidson dealers are increasing their original 1914 contracts. Some have actually delivered to date more Harley-Davidsons since our 1914 announcement than they sold during the entire twelve preceding months.

1914 will be by all odds the biggest year the motorcycle industry has seen. Some dealer will sell Harley-Davidsons in your locality this year. Some dealer will cash in on the Harley-Davidson reputation—the Harley-Davidson advertising—the Harley-Davidson demand.

If you are interested get in touch with us before it is too late. You may regret a delay: How can you lose anything with the Harley-Davidson contract? It should increase your business, your prestige, yes, even your credit. **Write Now—Right Now.**

LOCATION

Do you realize what a serious situation this matter of proper location is getting to be?

If you are a merchant, paying from \$3,000 to \$10,000 a year rent, you do.

If you are a property owner, you should be alert to the situation also, to keep your tenant satisfied, to help him hold and improve his business, by making his location attractive and up to date, so when conditions necessitate a raise in rent it will be met in the proper spirit by him.

Above all, if you are a prospective investor, you should size up this situation thoroughly.

Business is beginning to go "just around the corner." It has to, in a great many cases, to keep alive. This is a most evident fact. Take Five Points as the starting place and walk out any street you choose; Edgewood avenue, Pryor street, Decatur street, Broad street, or any other street in the business district.

You will be surprised at the amount of remodeling that has been done lately at all the larger stores and buildings.

Nearly every few days you see in the papers where someone has leased a building or store for a number of years. The first thing that's done is to remodel or subdivide the property, put it in first-class condition and make it attractive to prospective tenants, as well as to the general public.

The tenant with his rent lowered, a new up-to-date, attractive store or office, does more business and makes more money. The owner's income is increased; so it works well both ways.

Investors should wake up to these facts; pick the section that looks most promising, come in and talk with us, let us go over the situation and help you get a profitable investment.

Nobody is giving away central property. You have to buy it. There is no investment in the world that can compare with central real estate in a town like Atlanta. Business is going "just around the corner" or "in the next block."

Every now and then bargains come up in this sort of property. It is not often, but if there are none on hand just as present that suit you, we have your ideas and know it when it comes.

Why not let us get hold of something good just in the semi-central zone for you. The way the business section is growing now, will make it central real estate in a few years.

Merchants can do the same thing. If you pay from \$3,000 to \$10,000 a year rental, you can certainly pay the same amount buying property, provided, of course, that you can get a suitable location and one whose price is right.

These kind of propositions may be few and far between, but if you do happen to get one, it will have paid you for coming in and talking to us. If you are figuring on an investment or a change in business location, it will be to your advantage to take it up with us. Between our Real Estate Department and Sales Department, we ought to be able to help you.

We have close-in locations on Alabama, Pryor, Broad, Marietta, Central avenue, Edgewood avenue, and Auburn avenue.

We also have a number of clients who will be glad to build for the right sort of tenants.

REAL ESTATE--For Sale

FOR SALE

A PEACHTREE HOME BARGAIN

NEAR SIXTEENTH STREET, on a nice, level lot, nearly 250 feet deep, slightly elevated, with shade, we have a 2-story residence, with furnace and all modern conveniences, for only \$20,000, on reasonable terms. The best home proposition on the street for the price. It will make a good investment, too.

AN IDEAL HOME

NOT FAR FROM THE GEORGIAN TERRACE, in one of the best residential neighborhoods, we have a splendid new 2-story, slate roof, 10-room brick residence, on a corner lot, about 60x200 feet, slightly elevated. This house is equipped with hot water plant, regular, and a shower bath, fine fixtures and elegantly furnished in every respect. This home is complete in every sense of the word. The owner is leaving the city, and has authorized us to offer this beautiful residence at a sacrifice. If interested, let us show you this at once, as it is to be sold right away.

AN ATTRACTIVE BUNGALOW

ON WEST FOURTH STREET, near Spring, we have a very attractive 6-room bungalow, on a nice, elevated lot nearly 200 feet deep. The house is comparatively new; has furnace, servant's room and all conveniences. The owner is leaving the city, and has given us the exclusive sale of this property at a right price. This is a nice little home in a choice neighborhood, where values are enhancing rapidly.

THREE BIG MONEY MAKERS

BAKER STREET, close to S. street—a large lot way under the market price on easy terms—will be worth \$5,000 more in a year or two.

BETWEEN THE PEACHTREES

CLOSE TO THE GEORGIAN TERRACE, a large corner lot, with a 6-room house, all for less than the value of the ground alone.

A SPRING STREET CORNER

CLOSE IN, FOR \$4,750, or the adjoining lot with a nice 8-room house on it, for \$7,750. You can make big money on any one of these within from 6 to 12 months.

JUST WHAT YOU ARE LOOKING FOR IN THE HIGHEST SECTION OF WEST END, just off Gordon street, we have a nice 5-room cottage, with all city conveniences, on a shady, elevated lot 70x220 feet, with 20-foot side and rear alleys. Servant's house on back of lot, renting for \$5 per month and room for two more. Lots of fruit trees and room for more, and chickens, too. All street improvements down and paid for—one-half block from car line. On account of owner leaving the city, he is allowing us to offer this pretty city-country home for sale at a very close price on terms. Call at the office for particulars.

TURMAN, BLACK & CALHOUN

203 EMPIRE BUILDING.

ALL CLASSES CITY PROPERTY & FARMS
FOR SALE

WE HAVE a beautiful vacant lot on Greenwood avenue, 20x200 feet. Price, \$1,425. Cheapest lot on the street. One-third cash, balance easy.

GARDEN STREET—Six-room house, all improvements. Price, \$1,250.

WEST FOURTEENTH STREET, corner Williams. Eight-room house. This is right in the midst of big improvements. If you want a bargain and a money-maker, see us.

WE HAVE some choice propositions in Central property. If interested in this class of property, see us.

WE HAVE in Ansley Park a beautiful vacant lot, 25x155 feet. See us for particulars and price.

WE SELL homes and vacant lots in all parts of the city.

W. E. TREADWELL & COMPANY

HOME BARGAIN

THE OWNER of 249 Washington street has instructed that this beautiful home be sold at once. It is located in the best section of the South Side and surrounded by fine homes. The price is right, and will consider a small piece of property as part payment.

LIEBMAN

REAL ESTATE AND RENTING. 17 WALTON STREET.

OUT ON THE SEABOARD

WE HAVE an unusual bargain in an 8-room residence, 4 acres of land, east front, splendid outbuildings, in good little town where one of the best schools in Georgia is located. This town is on Seaboard between Atlanta and Athens. The owner will accept less money for the entire proposition than it would cost to duplicate the present improvements. If interested, write us at once. Terms if desired.

LAMAR & PERRY, WINDER, GA.

HOME BARGAINS

PEACHTREE CIRCLE, the prettiest street in Ansley Park paralleling and close to Peachtree. A lovely 8-room, 2-story brick veneer, a corner lot, 27x295. ARTHUR M. REHR
101 THIRD NATIONAL BANK BUILDING.

UNCLE JIM AND TAD AND TIM

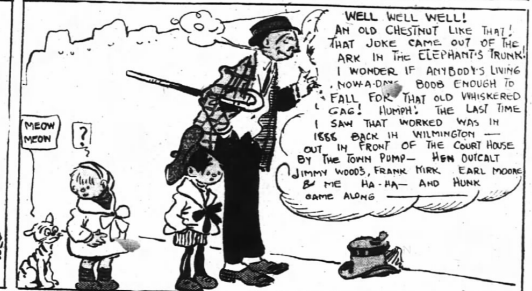

DONT KICK THAT HAT! THIS IS APRIL FOOL'S DAY!!

APRIL FOOL

IT'S AN OLD GAG— THERE'S A BRICK UNDER IT.

WELL, WELL, WELL! AN OLD CHESTNUT LINE THAT! THAT JOKE CAME OUT OF THE ARK IN THE ELEPHANT'S TRUNK. I WONDER IF ANYBODY'S LIVING NOW-A-DAYS BOOB ENOUGH TO FALL FOR THAT OLD WHISKERED GAG! HUMPH! THE LAST TIME I SAW THAT WORKED WAS IN 1866, BACK IN WILMINGTON, CUT IN FRONT OF THE COURT HOUSE BY THE TOWN PUMP— HEW OUTCALT JIMMY WOODS, FRANK MICK, EARL MOORE, BY ME HA-HA— AND HUNK, SAME ALONG.

YOU SEE, THEY PUT A BRICK UNDER IT AND ALONG COMES SOME POOR SIMP WHO IS NT UP TO SHUFF, LIKE UNCLE JIM, AND GIVES IT A KICK—

WHAT HAVE YOU GOT TIED ON TO YOUR TAIL?

Copyright, 1914.

COME ON— THE SODA WATER'S ON ME!

OH UNCLE JIM, LOOKY WHAT'S ON WITTEN TAIL—

APRIL FULE

NOW I CAN KICK IT, CANT I?

DWIG

THE LESSON FOR TODAY IS IN SPINNING LIKE A TOP. TEACHING YOU HOW TO SURICULATE AROUND AMONG 'EM WITHOUT GETTING DIZZY— A PRAKTIKAL DEMONSTRASHUN ON THE WHIRL OF THE WORLD OF BIZZNESS, ELUSIDATING THE THEORY THAT THE FASTER YOU GO THE QUICKER YOU'LL GET BACK AND THAT NO MATTER WHAT HAPPENS, THE EASIER YOU ARE TO DO THE QUICKER ITS OVER WITH.

THANK YOU DEAR.

I LOVE YOU.

STARE UP YOUR EYES AND STARE DOWN YOUR FEET. IF YOU DO THIS, YOU'LL BE A SUCCESSFUL MAN.

WE ENVY NOT THE RICH & GREAT, HAPPY IN OUR HUMBLE LOT.

AIN'T THIS SOME CLASS.

READY!

I DONT WANT TO APPEAR SELFISH, PIPPI. LET SOME ONE ELSE HAVE MY PLACE!

ALLRIGHT, PATCHES, CUT THE STRING!

TEACHER, IF IT TAKES 10 1/2 STEWED PRUNES A WEEK AND TWO DAYS EACH TO DANCE 109 MILES, HOW MANY CORDS OF WOOD WOULD A WOOD-CHUNK EAT AT 17 CENTS AN ARMFUL IF BREAKFAST FOOD SELLS FOR 13 1/2 CENTS A PLATE, AND WHICH WAY WOULD THE PRUNES RUN IF THE WOOD WAS ONLY ONE HALF THE DIFFERENCE?

GOOD ONE FLOSSY!

GRAND EXIT.

GRAND STAGE.

KEEP WAGGING YOUR TAIL & YOU'LL NEVER GET IT DUNCED.

DWIG

GOVERNMENT PROBE ALLEGED GAS TRUST

The Philadelphia Company Owns Only Minority Interest in Atlanta Corporation, Assert Officials.

Frankly admitting that the United Gas Improvement company, a Philadelphia corporation, owns stock in the Georgia Railway and Power company, President S. A. Arkwright, president of the local corporation, at the same time last night explained that the holding amounted to only a minority interest. He said from Philadelphia to the effect that Attorney General McDaniel is conducting an investigation into the practices of the United Gas Improvement company, and the information that the probe would extend to Atlanta. Arkwright made a vigorous reply in denial from officials of the Atlanta Gas Light company and the Georgia Railway and Power company.

Nothing to Investigate.

"There is nothing to investigate," the attorney general to investigate in connection with the interest of the United Gas Improvement company in the Atlanta Gas Light company. President Arkwright said it is true that the U. G. I. owns stock in the Georgia Railway and Power company, but the holding amounts only to a minority interest. It is an asset of the company, as far as the control of the Atlanta Gas Light company is concerned.

President Arkwright also entered a strong denial of the report that H. M. Atkinson, vice president of the Georgia Railway and Power company, is on his way to New York to join the attorney general in the probe. Mr. Atkinson left for New York to join the attorney general in the probe.

President Arkwright would not state the extent of the United Gas Improvement company's interest in the Atlanta Gas Light company. According to the report from Philadelphia, Attorney General McDaniel has already begun his probe into the affairs of the United Gas Improvement company. It is said that the attorney general is anxious to know through what means the corporation gained control of subsidiary corporations in at least fifty cities of the United States.

Establishment of Plant.

Just what connection the United Gas Improvement company has with the corporation that has been established in Atlanta is not known. Atlanta Gas Light company is not known. Atlanta Gas Light company is not known. Atlanta Gas Light company is not known.

No Knowledge of Probe.

Federal officials, including District Attorney Hooper Alexander, say they know of no probe into the Atlanta Gas Light company. He said that the United Gas Improvement company is not known to him. He said that the United Gas Improvement company is not known to him.

Engineer Was Injured in a Collision Near Comer.

Engineer William E. Williams, who was injured in the head-on collision wreck of two freight trains near Comer, Ga., last night, died of his wounds at the Atlanta hospital. The body was taken to Abbeville, S. C., for burial. The body was taken to Abbeville, S. C., for burial.

Players to Offer "The Genius" For Charity Fund of the Elks

Photo by Francis E. Price, Staff Photographer.

At the left is Frank Taylor, who plays the title role of "The Genius." and to the right are Mrs. W. C. Jarnagin and Lamar Hill, two new members of the cast, whose extraordinary ability has been delightfully demonstrated to Atlanta on many occasions. The picture was made during an interesting scene at rehearsal.

The Elks' charity performance of "The Genius" by members of the Players' Club of Atlanta, will be given at the Grand Opera house next Tuesday night.

The memory which Atlanta retains of the delightful performance of the comedy by the Players' club on Tuesday night still lingers with Atlanta strongly enough to insure a large attendance. Tickets are now on sale at the Grand Opera house box office, and are being bought rapidly.

The second production of "The Genius" promises to be quite as elaborately staged and as well acted as the first production was.

Changes in Cast.

There are several changes in the cast, but even though working against a handicap of time, the rehearsal of Saturday night showed that the new members of the cast have their parts well in hand and can handle them in most pleasing fashion.

Mrs. W. C. Jarnagin takes the part of Nell Graham, the actress' model. Mrs. Jarnagin is remembered for her splendid work as Lucy in "The Rivals" and as the leading lady in "The Wife" and "The Importance of Being Earnest."

Two other new members of the cast who will be seen next Tuesday night are Miss Frances Clarke, as Lily, the clinging girl, and Franklin Mikel, as Cy Jenkins.

This play is one that was made very successful by Nat Goodwin, and necessarily an amateur is going to have a hard time to measure up to the standard set by his capable actor. At the same time, the play holds so well together, and is so logical in its situations, that the dramatist himself made it easy for all the talent which any actor may have to fully display itself and to receive the applause of the audience.

Three friends, Otto, Bryan and Victor, who are the main characters in the play, are all one a musician, one a sculptor, one a writer, and they are all in love with the same girl, who is the most beautiful girl in the world.

Comic Situations.

Shortly after Jack is discovered by Miss Van Dusen, her mother. Percy in teaching the artists Otto, Bryan and Victor, and Jack makes an effort to make them believe in his own talent. He is an extremely pleasing comedy, full of comic dialogue and situations. It is an extremely pleasing comedy, full of comic dialogue and situations.

Following will be the cast of characters: Jack Goodwin, a Sculptor—Dan Beloit; Otto, a Musician—Dan Beloit; Bryan, a Writer—Dan Beloit; Victor, a Sculptor—Dan Beloit; Nell Graham, the actress' model—Mrs. W. C. Jarnagin; Lily, the clinging girl—Miss Frances Clarke; Cy Jenkins, the writer—Franklin Mikel.

AFTER SICKNESS OR OPERATION

It is a pathetic mistake to accept drugs or alcoholic mixtures when nature craves nourishment to repair the wasted body and restore the vigor of health.

For forty years the best physicians have relied on the wholesome, predigested nourishment in SCOTT'S EMULSION which is totally free from alcohol or opiates.

Scott's Emulsion sets in action the very forces that promote health, its purity, richness and strength has stood the test of forty years.

"Small Payment Down, then \$1.00 a Week; That's All"

Capitalizing Common Sense

If you tell a man you believe he is honest, and if you treat him square, ninety-nine times out of one hundred you will find that he'll live up to your opinion of him. That's a fact.

Some people wonder how Day can afford to trust everybody without demanding security or interest and a whole lot of other old fogey things. They lose sight of the fact that Day means it when he says: "We trust the people." Day's gradual payment plan is nothing more than common business sense. Day has capitalized common sense, and his up-to-date, vigorous, courageous business policy gives genuine advantages to everybody who uses it.

It will pay you to get in touch with Day.

Your Grandfather Walked The Streets In Search Of Work, But You Can GET IT Through a Constitution Want Ad.

REAL ESTATE—For Sale

GEO. P. MOORE
REAL ESTATE AND RENTING
10 AUBURN AVE.

PEACHTREE DOPE

TWO YEARS AGO you did not believe that Peachtree frontage out as far as North Avenue would sell for \$1,200 per foot, and you were not by yourself in not believing.

At that time we predicted that frontage on Peachtree street, out to North Avenue, would sell for \$1,000, and have the advertisements to show you, and at the same time tell you we told you so.

We had such faith in our opinion at that time that we advised clients not to sell when they came to us saying they were offered \$500 and \$600 per front foot, when it was against our own interests to do so.

At the same time we predicted that frontage out to Fourteenth Street would sell for \$1,000 per foot within a few years.

Today we want to impress on you that from all signs Peachtree frontage out to Tenth Street will go to \$1,000 per foot within five years. Tenth and Peachtree streets is today the best retail business section on the street after you leave the Candler building. Conditions there are such that business will go to Eleventh Street, then work back towards the city.

In our opinion some of the best buys on the street are between the Georgian Terrace hotel and Tenth Street; especially some of the large corners, as there is certain to be a demand for a second Ponce de Leon or Georgian Terrace site.

To look at either of these beautiful buildings will convince you that some one will want to build a monument to himself in the shape of a building of the same character. Where will he build? On Peachtree, of course! On the street where you can neither enter nor leave Atlanta without going out.

We believe that there is as large profit to be made on the street between these two points as have been made this side of North Avenue—especially in the big corners, as they are scarce.

Below we offer three pieces that we are willing to go on record as saying that they will make you \$25,000.00 to \$50,000.00 profit within five years.

NO. 1—Corner, 100x110 feet, 10-room brick house that cost \$35,000 to build. Price, \$55,000; take \$10,000 to \$15,000 on other property as part payment.

NO. 2—Corner, 100x210, with large well-built house on it. Price, \$65,000; \$5,000 cash, \$4,000 yearly for four years; the balance to suit you; give as many bonds for title as wanted.

NO. 3—Corner, 100x210, one of the show places on the street. House cost between \$30,000 and \$40,000 to build. Price, \$60,000; take \$15,000 to \$20,000 on other property as part payment, balance cash.

PEACHTREE STREET

THIS SIDE OF Tenth Street, a modern brick house on lot 60 feet front. According to price per foot of property around it the market value is \$32,500. We can deliver it at \$27,500, on easy terms.

PEACHTREE STREET

THREE BLOCKS of Georgian Terrace, 10-room brick house on lot 60x110 feet. This house cost \$30,000 to build and the market price of the land is \$500 per foot. Can deliver for \$35,000, on very easy terms.

PEACHTREE CORNER

VACANT—40x100 feet to alley—between Georgian Terrace and Tenth Street, an ideal location for stores with apartments above. Price, \$24,000; \$5,000 cash, balance to suit.

PEACHTREE BUSINESS LOT

ADJOINING business building near Tenth Street, 241x90 feet. Price, \$10,000; \$1,000 cash, balance yearly for five years.

PEACHTREE SPECULATION

NEAR Tenth Street, 9-room house renting for \$75 per month; lot 45x190. Price, \$20,000; \$3,000 cash, balance very easy. There is \$2,500 quick profit in it at this price.

\$35,000 PEACHTREE HOME, \$30,000

WE HAVE in one of the prettiest blocks on Peachtree street what you would call an ideal home. It is built of handsome pressed brick, with tile roof, on a lot that is perfect and has two street fronts. An honest, impartial opinion will convince you that this place would be cheap at \$35,000. In fact, to take the market value of the land and add the cost of the building it stands the owner \$34,500 today, and we know of nothing like it on the street even at \$35,000. The owner is going out of town and says will take \$30,000 for quick sale. If you want one of the prettiest homes on the street, be quick. No information over phone.

PEACHTREE HOME

NEAR Seventeenth Street, a brand-new, slate-roof house. Four bedrooms, two baths and sleeping porch on second floor. Reception room, living room, dining room, butler's pantry and kitchen on first floor; hardwood floors; furnace heat. Priced under anything on the street. \$1,000 cash, balance yearly.

1408 CANDLER BUILDING
PHONES: IVY 432; ATLANTA 953.

W. M. SCOTT & COMPANY
CHICKEN AND APPLE FARM

IN THE HEART of the apple section of Georgia. Send to us for description and prices. Now is the time. Trees just beginning to bloom.

THINK OF IT! Good bearing apple orchards, \$5 to \$10 per acre, ready to take charge of. More money in apples, four-fold, than growing cotton.

HOWELL MILL ROAD—Street cars will be out as far as the E. P. Howell school next week. We have a 6-room cottage one block from this school, only \$1,500. Say \$100 down and \$15 per month.

APARTMENT HOUSE—Best location in the city. Lot 76x175, just north of Angier Avenue, on North Boulevard, facing east. All improvements. Ready to build on. Can make most reasonable terms. Go look at it and then come and see us.

WHITEHALL STREET—The best bargain on that business street. A bona fide pick-up. A sure fortune to the man who buys it. Worth investigating.

GO OUT TO THE WATERWORKS. We have two beautiful lots on Howell Mill Road, opposite the new reservoir, just beyond White Provision Co. 50x200 each. Then five lots on Boyd Street, six lots on Eugene Street, and twenty lots within one block of the pavilion at the old lake. Easy payments. No more beautiful location for a poor man's home than there. The city will always care for it as a park; brightly illuminated at night; overlooking the city, and two car lines, one ending at the pumping station and one out Howell Mill Road.

W. M. SCOTT & COMPANY
210-212 GOULD BUILDING.

AN EXTRAORDINARY OPPORTUNITY
STORE ON WHITEHALL STREET BETWEEN ALABAMA AND HUNTER STREETS FOR RENT.

I HAVE two 4-room apartments that I will sell at a sacrifice. Will take \$500 cash and balance on terms to reliable party. If interested, address "OWNER," care Constitution.

CENTRAL—SOUTH SIDE

AS THEIR LEASES EXPIRE BIG CONCERNS are vacating property worth \$2,000 to \$4,000 per foot in other sections, and are locating between the Terminal.

A corner on Central Avenue, equidistant from both Southern and L. & N. depots at \$400 per foot is going to look very cheap at an early date. See us regarding this property and section. This is the cheapest corner left.

OTIS & HOLLIDAY

15 PEACHTREE STREET. PHONE MAIN 130.

REAL ESTATE—For Sale

\$50,000 TO \$100,000 PROFIT
THIS is the biggest bargain EVER offered.

ATTENTION

10,080 ACRES original long-leaf yellow pine timber land, rich, high, dry ridge land "in fee." Will produce oranges, watermelons, cantaloupes, peaches, peanuts, tomatoes, COTTON OR ANYTHING suitable to the climate. TEN roads through the property. Beautiful clear-water river, besides branches and springs and two ARTESIAN WELLS.

8,000 ACRES original saw timber, 2,000 acres cut-over timber. POSITIVELY not over 150 acres of waste land on the ENTIRE tract and THAT is only in the beds of the river and branches, and not ON THE BANKS.

LOCATION

20 MILES east of Pensacola, at Holley, Fla. Eight hours' run, by boat, to Mobile, Ala., and ten hours to New Orleans, La. Only 7 miles from Milton, Fla., the county seat. Both freight and passenger boats to and from.

ONE MILE

BEAUTIFUL oak grove bay frontage on this tract, part of it in a town.

IMPROVEMENTS

FORTY dwellings, one to five rooms each; church, school house, stores, warehouses, saw mill, stove mill, shingle mill, blacksmith shop and tools, boilers, belts, water tanks, barns and stables all in FAIR condition.

THREE different towns on and a part of the property, with phone connections to Holley, besides two other towns adjoining.

LOOK

HOUSES built ALL ALONG the beach to Pensacola and also to the Navy Yards.

THE CLIMATE IS IDEAL AND HEALTHY
DOES NOT run over 78 to 82 degrees in the summer and not too cold in the winter.

YOUR PROSPECTS, ON PURCHASE
YOU CAN clear \$80,000 above expenses on cutting the timber, which will show 60 per cent heart.

THE LAND would be cheap without a stick of timber on it at \$7 per acre, and some of it cost the owners \$9 per acre. Cut into crossies would pay for it.

WATCH

LAND 20 miles further than this down the river is selling from \$15 to \$35 per acre in small tracts.

AFTER making the first cash payment you can have any part of the property released with a warranty deed upon an additional payment sufficient in amount to release the part of the property you wish released.

THIS enables you to sell a part of the property without paying for the entire tract.

PRICE

\$5 PER ACRE, including land, timber rights, all improvements, etc., on terms of \$15,000 cash, balance 1, 2, 3 years at 7 per cent interest.

ENOUGH SAID

PROPOSITION is better than 1 state.

CARL H. FISCHER
508 FOURTH NATIONAL BANK BLDG.
ATLANTA, GA.

ATLANTA'S STRIDES
FROM DAY TO DAY

Building announcements of Saturday include a very gratifying awakening of building activities. These announcements include an eight-story law building, the northeast corner of Pryor and Hunter streets, apartment houses and dwellings aggregating \$70,000, and the awarding of the contracts for the construction of the city hall, the postoffice, the general contract of which amount to \$175,000.

New Law Building. Ruben Arnold, who owns the old chamber of commerce building, located at the northeast corner of Pryor and Hunter streets, and which has been temporarily closed, has been awarded the contract for the construction of the new Fulton county courthouse, a modern, up-to-date office building for use as law offices.

The new building will be reinforced with concrete, and will be equipped with restaurant, library, and similar conveniences. It should not be constructed as to permit four additional stories, but a number of law firms have already made application for space in the new building.

Work of demolishing the old building will be commenced as soon as the new building is ready for the new office building will be completed within a few months.

Intersecting Auction Sales. Two interesting auction sales have been scheduled for the month of March, as follows:

The Suburban Investment company announces an auction sale of residence lots on its tract and located at the corner of Lee Street and Campbell road which is divided into eight-acre lots, the sale to take place in May.

The city of Atlanta is immediately adjoining the city park, which is now being sold by the city.

The receivers of the Guarantee Trust and Banking company will offer for public sale at auction early in the month of April, a large tract of street lots owned by the company, and which must be sold by the city of Atlanta, in order to pay the claims of the receivership.

Much interest is attached to this sale on account of the speculative value created by the extensive improvements now in progress on West Peachtree street, which is being laid to a grade and will be immediately repaved.

Postoffice Contract. The general contract for the completion of the fifth story of the postoffice building has been awarded to George C. Clark. This contract is for \$125,000.

The subcontract for furnishing and installing the heating system in the work has been let to the Heverly Heating and Air Conditioning company.

New Apartment House. The Strauss-Kaplan company announces the construction of three new apartment houses and a new residence, located on the corner of Lee Street and Campbell road.

One of the apartment houses will be a four-story building, and the other two apartment houses will be two-story buildings. The building will be furnished with all modern conveniences.

The other two apartment houses will be furnished with all modern conveniences. The building will be furnished with all modern conveniences.

Real Estate Sales. The following list of real estate sales were announced on Saturday:

11-10-11—John A. Harris and C. Smith to Lindsey P. Chapman, lot northwest corner of Lee Street and Campbell road, 100 feet front, 100 feet deep, \$10,000.

11-10-12—John H. Caldwell to J. A. Harris and C. Smith, same property, March 24.

11-10-13—Mrs. Elizabeth P. Brady to S. H. Harris and C. Smith, same property, March 24.

11-10-14—Mrs. Elizabeth P. Brady to S. H. Harris and C. Smith, same property, March 24.

11-10-28—Mrs. Elizabeth P. Brady to S. H. Harris and C. Smith, same property, March 24.

11-10-29—Mrs. Elizabeth P. Brady to S. H. Harris and C. Smith, same property, March 24.

11-10-30—Mrs. Elizabeth P. Brady to S. H. Harris and C. Smith, same property, March 24.

Emond Tells Requirements For a Good Roadster Body

"What are the general requirements of a good roadster body?" was asked of W. H. Emond, Franklin body designer. "First, a roadster should carry two people comfortably and have room for a third in emergencies. Second, there should be abundant luggage space in a rear hamper which should be very accessible. Third, ample seating in weight should be made in the whole car over a 5-passenger touring car. Fourth, it should be possible to change bodies and put a coupe on the same chassis, as very frequently an owner desires both bodies at different seasons of the year. Fifth, the seats should be so located in regard to the rear axle that they are most comfortable than the rear seats of a touring car. Sixth, a roadster should have an easily operated top, as this is an advantage that should go with a 2-passenger body. In addition to fulfilling these general requirements, there are other advantages which I believe are very desirable, for instance, the driver should have extremely easy entrance and exit from the car. He cannot be interfered with by the passenger during operation of the car. The upholstery should be deep and usually comfortable. "It is not reasonable from a design standpoint to make a roadster body that will follow other general specifications than those mentioned above and give the satisfaction the car should give. For instance, it is not reasonable to design such a body to have the capacity of a coupe or even a convertible, as the moment this is done all the real advantages of the roadster disappear. The designer of a body of a particular type of design and accomplishing what is best for the average man and his requirements. There are times when a man tries to buy a roadster body when he really should have a touring car. If attempts were made to supply such demand, all the real advantages of the body to be derived from good roadster design would be lost."

MOTOR TRUCK DELIVERY DISCUSSED BY NABORS

Value of Trucks to Seller and to Buyer is Shown in Story.

BY MARK NABORS,
(Motor Truck Specialist.)

During the last decade the world has passed through the most progressive age that it has ever known or will know for the next hundred years. Inventions have reached their climax and have given to the world more equipment for annihilating space and time in the manufacturing and transportation of merchandise and the last thought of the world is that the next hundred years will bring. With the steamship and the hydroplane for water transportation and conveyance too numerous to name, the motor truck has become the most wonderful means of transporting merchandise in the world. The motor truck has delivered the goodsman's order from the fifty miles away market in the forenoon is enabled to serve his customers, evening needs from this order.

The adaptability of the motor truck to the needs of every line of business in the world is the reason for its popularity. It is the most wonderful means of transportation in the world. By use of the motor truck you can pack your furniture, load it in the morning and unpack and install it in your new home. You can load it in the evening of 150 lbs. in the car, where, extreme heat in summer and extreme cold in winter make all other means of transportation impossible. The motor truck is relied on to keep business on the move. The unknown of southern Arizona, where not even a map to guide and where the foot of man never trod, the United States government engineers in motor trucks with months of supplies in survey and map these unknown regions. In Russia the governments have adopted the motor trucks on which to install large guns and forts which make the most modern means of land fighting apparatus that has ever been known. The motor truck is the only mode of its adaptability in every line of business, but also excels all other means of transportation in its speed and efficiency. For the operation of the locomotive before he is allowed to take charge and in addition to having a skilled operator the locomotive is connected and has all the hundred and fifty miles it travels in the steamship is operated by the expert of like skill to the operator of the locomotive, the steamship having

water for its travel and the locomotive a prepared smooth steel road over which it operates.

Just for the motor truck anyone and in most cases an absolutely illiterate man that doesn't know any more than a child can operate it over the very roughest roads and country roads with capacity load, into holes a foot deep, over rocks, into ditches, and in many cases without sufficient oil to lubricate its machinery and without any attention at all until it breaks down for want of a little attention. It is not a wonder that the motor truck is ready to condemn the truck and the man who put such a curse on the world.

CHANGE IN CORSETS NECESSITATED NEW STYLE AUTO SEATS

The matters with which the successful designer of high grade motor cars must concern himself are almost endless. His product is a part of the personal paraphernalia of women of fashion and he has to keep an anxious eye on the latest fashions of the world. It is not a wonder that the motor car is uncomfortable or put it out of harmony with the prevailing feminine attire. The rear seat of the Peerless limousine and touring car as it was designed a year or two ago, was declared by women everywhere to be uncomfortable and easy to ride upon. That changed suddenly and there were complaints that the seat was uncomfortable. The cushion, which had previously been built to fit a curving back and had caused the trouble, was now made built to fit a curving back and was declared by a designer to be a mistake. The designer responsible for these things recognized the mistake and he will receive as far in advance as possible news of an impending change in corset styles.

Dealers in Federal trucks hailing from Boston, New York, Philadelphia and Baltimore, who recently formed the Eastern Federal Dealers' association, have a plan for intercity transportation. The motor truck is to give equal service to trucking and to treat the visitor as courteous. The owner of the truck will not be forced to bear the cost of bad service any more than does he have to pay for it at his home gate. The whole car was owner may deliver goods from Boston to New York, and the car will be the way along the route just as though he were in his own home city.

The Car With a Conscience

THE OAKLAND

As a Business Proposition

Here are four good sound business reasons why every substantial business man should own a good car. There are others that will occur to YOU--

The Ownership of an "Oakland" Is a Sure Sign of prosperity--

Confidence in business depends as much upon a man's evidence of prosperity as upon his real accomplishments. To build up confidence means to build up trade. No single act will do this for the business man so quickly as a reasonable display of his success. The ownership of a good automobile is accepted as an evidence of prosperity.

The Business Man's Family Deserves Some Consideration

Success in business without success in the home is poor compensation for the trials of business. There is no one thing a business man can do that will improve home conditions so much as the owning of a good car for his and his family's use. It is really the first duty of every successful man.

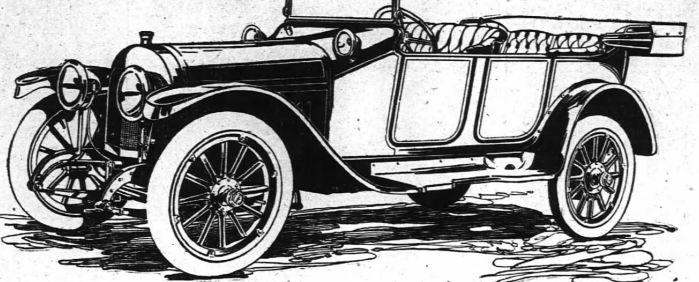

An "Oakland" Makes Possible Every Business Man's Needed Recreation--

The business man who is a slave to his business and takes no time for reasonable recreation is limiting himself and is sure to feel the effect both in bodily and mental reaction. A good car is the greatest incentive to better and more work. This ownership gives a man something to look forward to.

As a Business "Deal Closer" a Good Car Performs Miracles

Some one has said that the biggest and best business deals are "closed" in automobiles today. The real estate man, the merchant, the insurance man, the broker, the salesman can often close a desirable "deal" by means of an hour's drive when it could not be closed on a basis of price.

Model "6-48"
\$1850 f.o.b. Atlanta

OWN AN OAKLAND

The growing popularity of this justly celebrated car is not the result of aptly put phrases, but of substantial worth, both along constructive and artistic lines. No car on the market possesses so many points of vantage. No car on the market stands up in service and renders the comfort features embodied in the "car with a conscience."

Made in ten distinct types, including all the features employed in other cars and many not yet adopted by other standard cars.

Clean, symmetrical lines—an over-reserve of power. Electric lighting and starting. Extra long wheel base. Unusually fine finish throughout.

TRADE NEWS

J. P. Womble, of the Gramling-Spaulding company, sales force, reported yesterday with a bunch of orders for immediate shipment, also a good business on fall goods. Maybe his system doesn't sound like doubling up. Selling Premium Brand shoes is a very pleasant pastime for Mr. Womble.

Mr. William Finch, of the American Bakers Corporation, spent most of the week with the New South Bakery. Mr. Finch is ever anxious to improve the character and quality of the products of the various plants of the company and give the manufacturing and close personal supervision.

Frank H. Baker, who travels south leading the Gramling-Spaulding company, is sending in some mighty nice orders for Premium Brand shoes for fall delivery.

C. P. Phillips, southern sales manager for the Ohio Match company, of Walworth, Ohio, together with Messrs. P. H. Walker, of the same force, worked the trade with P. H. Stamps, of the Atlanta Athletic shoe company, and succeeded in placing a large order.

The "line" at Dougherty-Little-Radline company yesterday morning were: W. F. Neely, J. A. Castleberry, L. A. W. Neely, J. A. Castleberry, L. A.

By club, J. M. Giddens, president of the Georgia Division, of the Travelers' Protective Association, Dr. L. D. Christie, chaplain.

Address of Welcome—Hon. J. S. Cook, mayor, president of the Georgia Division, of the Travelers' Protective Association, Dr. L. D. Christie, chaplain.

ATLANTA MERCHANTS

URGENT TO "CLEAN UP"

Letters Sent Out Asking Business Men to Prepare for Shriners' Coming.

Urging a "clean-up-day" campaign for the Shriners' convention, the following letter has been addressed to the merchants of the city by Mayor Woodward, Mr. H. Wilkinson, president of the board of commerce, Forrest Adair, potentate Vaarah Temple, and William Lawson, Peck, president of the Atlanta Chamber of Commerce.

"Gentlemen: Realizing the importance of the coming of the Shriners to the city, we urge the close co-operation of all of our citizens in this work."

"The Shriners' convention, which will be held in the city, is a most important event, and we urge the close co-operation of all of our citizens in this work."

VALDOSTA BUTCHER

MUST FACE TRIAL

Valdosta, Ga., March 28.—(Special.)—A trial was held in this city today under the provisions of the Georgia law, which provides for the trial of a butcher who has been found guilty of selling meat which is not fit for human consumption.

The trial was held in the city hall, and the jury was composed of the following members: J. M. Giddens, chairman; J. S. Cook, mayor; J. H. Wilkinson, president of the board of commerce; Forrest Adair, potentate Vaarah Temple; and William Lawson, Peck, president of the Atlanta Chamber of Commerce.

The trial was held in the city hall, and the jury was composed of the following members: J. M. Giddens, chairman; J. S. Cook, mayor; J. H. Wilkinson, president of the board of commerce; Forrest Adair, potentate Vaarah Temple; and William Lawson, Peck, president of the Atlanta Chamber of Commerce.

Society

GREENVILLE, GA.

The members of the Amateur Dramatic club presented at Talbott Friday evening, "The Valley Farm," and will repeat it at Woodbury this week. The proceeds of the play will be devoted to the benefit of the school building.

An event of Wednesday afternoon last was the bridge party given by Mrs. Anna Freeman Orr, of Newnan. The guests, including Mrs. Orr, were the members of the Auction Bridge club. After the game, a delightful social course was served.

An interesting program, consisting of readings, piano solos and music by the Greenville orchestra, was rendered. Mrs. M. Hill entertained Friday afternoon at her pretty country home, the Ladies Civic club, and a few other

guests. Mrs. Hill was assisted in entertaining by her mother, Mrs. Pyles, and sister, Mrs. J. W. Milligan, of Pittsburg.

ACWORTH, GA.

Mrs. John Dyer Collins gave an announcement party last Thursday afternoon at 7:30 o'clock, complimentary to eight invited guests. Misses Pauline Collins and Edna Street presided at the punch bowl.

There was a unique heart drawing contest, after which the orchestra played Johann Strauss' Wedding March and Mrs. McLean read from an immense scroll. Later, the announcement of Miss Pearl McLean's engagement to Mr. John Boyless Lewis of Chattanooga, the wedding to be April 25, at the Methodist Presbyterian church.

Salad courses and less were served. Mrs. Collins was assisted in entertaining by Mrs. J. D. Humphries, Mrs. Lemon, Mrs. L. L. McLean and Miss Emma McLean.

SOCIAL CIRCLE, GA.

Mrs. John Upham entertained the Booklovers club on Saturday afternoon. The Globe Street sewing club met with Mrs. Dave Bailey on Friday.

Mrs. Josephine Newson entertained a few friends at dinner on Thursday evening.

Pretty Little Girl

Photo by McCray.

F. M. Means. Mrs. Means and Miss Sue Means were hostesses. Mrs. M. T. Fred was elected secretary to fill the unexpired term caused by the resignation of Miss Mary Singleton, who has moved to Fort Moore, Fla. The guests of the club were Mrs. Cochran of Palmetto, Mrs. Paul Campbell, of Atlanta, and Mrs. Carl Olive, Mrs. Ida Roberts, Misses J. D. and Virginia Fied of Oxford. Original papers were read by Mrs. J. E. Johnson, Mrs. Virginia Henderson and Miss Fannie Singleton. Music was furnished by Miss Katherine Meacham. Cream and cake were served by Mrs. Paul Campbell, Misses Sue Means, Virginia Fied and Katherine Meacham.

Nothing adds more to home contentment than
A Bright and Cheerful Bath Room

It is really remarkable what an improvement can be made in the appearance of the home at trifling expense by the housewife who has a love of the beautiful, and the will to work.

If there is one place, above all others, that should be bright and clean it is the bath room. With

FIXALL
"THE FINISH THAT LASTS"

the task of brightening becomes a real pleasure. The work is easy, and the results are quick and lasting. It can be had in every shade and color needed for tasteful finishing of floors, wood work and furniture and all interior decoration.

Fixall is sold in cans holding one-fourth pint to one gallon at 15c to \$2.50. There is a little size can for every purpose at your dealer's.

"Little Miss Fixall" has prepared a series of illustrations which show just how Fixall works. These illustrations are the best color effect of floors and wood work and are sent to the housewife who writes a card in plain English, and sends it to Louisville Varnish Co., Louisville, Ky.

R&G CORSETS

YOU know the reputation that stands back of every R & G Corset—you know that your mother and grandmother relied on the R & G for their grace of figure. All through these passing years R & G Corsets have reflected the trend of fashion—and never more perfectly than today when fashion demands relaxed figure lines and the uncorseted effect. The chic, sinuous grace and elegance of R & G Corsets commend them to every woman who wishes to be correctly gowned.

Go to your favorite store today and see the latest R & G Models. Find the particular model suited to your figure, whether tall, short, slim, plump, dainty or stately. Ask especially to see the new Laced-front R & G. It produces the flat-back effect that fashion demands. The soft little dancing models will also interest you. Fitted with elastic sections, tricot back and all the latest devices, R & G Corsets give you unknown comfort and beautiful figure lines.

FEDERATION OF LABOR

—

Macon, Ga., March 28.—(Special.)—The largest attendance in the history of the organization is expected April 15-18 at the state convention of the Georgia Federation of Labor, which will be in session here at that time and Macon labor organizations are making elaborate plans for the entertainment of the visitors.

Interest Being Manifested In the Public Health Bill

**FARMERS OF CHATTOGA
MAKING GOOD HEADWAY**

Lyerly, Ga., March 28.—(Special).—Not before in several years has such a splendid headway been made by the farmers in the preparation of the land for a crop up to the time of year. In most instances the farmers now have all their cotton land turned out and preparing their corn land, which is unusual for the time of year. It is the general opinion that there is going to be an excellent crop year and there is much activity among the farming class.

There has never been such a scarcity of hogs and beef cattle in this section of the country. It is practically impossible to find a shoat or any kind of animal as cheap as at this time. The conditions are equally as bad in buying beef cattle.

(To Be Continued.)

ATTENTION!

TUESDAY, APRIL 7, 1914 BEFORE THE COURTHOUSE DOOR AT 10 O'CLOCK A. M.

Two exceedingly valuable pieces of Central Income Property on Alabama St., belonging to the W. A. Hemphill Estate, on the N.W. Cor. of Central Ave. and Alabama St., with R. R. Frontage. Also, property known as 51 and 53 East Alabama. These properties are under lease, and in fact, are never vacant.

The public would not have the opportunity of bidding on such property except that some of the heirs have brought a partition suit in order to separate the interests.

SALE BY COMMISSIONERS.

Georgia—Fulton County:

The undersigned, R. A. Hemphill, W. F. Cruselle and J. W. Mayson, as Commissioners in case of Mrs. Lulu Belle Quinby, et al. vs. Mrs. Margaret Pegram, et al., the same being suit for partition now pending, Case No. 27712 in the Superior Court of Fulton County, Georgia, under and by virtue of an order passed on the 4th day of September, 1913, by the Hon. J. T. Pendleton, Judge of said Court, will sell at public outcry before the Court-house door of Fulton County, in the City of Atlanta, Georgia, within the legal hours of sale on the first Tuesday in April, 1914, the following described real estate, to wit:

Parcel One. All that tract or parcel of land lying and being in the City of Atlanta, being composed of parts of City Lots ten (10), one (1), nine (9) and two (2), in block number three (3) and in Land Lot number seventy-seven (77) in the fourteenth (14th) district of originally Henry, now Fulton County, Georgia, fronting on the southwesterly side of Alabama street thirty-seven (37) feet, and extending back southwesterly to and across Kenny's Alley one hundred sixty-eight (168) feet, more or less, to the line dividing original Lots numbers nine (9) and two (2) from numbers eight (8) and three (3), with the reservation of a strip twenty (20) feet in width through said tract for alley purposes, being the strip now constituting Kenny's Alley; said tract of land being about one hundred eighteen (118) feet deep from Alabama street to the alley and about thirty (30) feet deep from said Kenny's Alley to the south line of said lot, both parcels being included in the tract hereby conveyed; said tract being bounded on the southeasterly side by lot of R. J. Lowry and on the northwesterly side by lot of Mrs. Jane L. Grant (formerly Jane L. Crew) and being improved property known, according to street numbers of said City of Atlanta, as numbers 51 and 53 Alabama street, together with said lot immediately to the rear on the southerly side of said Kenny's Alley; said premises being the same property conveyed by United States Mortgage and Trust Company to William A. Hemphill by deed dated July 1st, 1902, and recorded in Deed Book 162, in the office of the Clerk of Superior Court of Fulton County, Georgia, and being more particularly shown upon a plat of said property made by Hall Brothers, Civil Engineers, Atlanta, Georgia, March, 1914.

Parcel Two. Also, all that tract or parcel of land lying and being in the City of Atlanta, being part of Land Lot number seventy-seven (77) in the fourteenth (14th) district of originally Henry, now Fulton County, Georgia, and being Lots numbers thirty-one (31) and thirty-two (32) of the subdivision of the property surrendered by the State of Georgia to the heirs of Samuel Mitchell, deceased, and more particularly described as commencing at the corner formed by the intersection of the northeastern side of Alabama street with the northwestern side of Central Avenue (formerly Loyd street), and running thence northwesterly along the northeastern side of Alabama street forty-nine and one-tenth (49.1) feet, more or less, to line of property of James R. Brown; thence northwesterly along the line of Brown sixty-eight and two-tenths (68.2) feet to a point situated at the northwestern corner of a platform; thence southeasterly along the northeastern side of said platform forty-nine and forty-four hundredths (49.44) feet, more or less, to the northwestern side of Central Avenue, and thence southeasterly along the northwestern side of Central Avenue sixty-one and six-tenths (61.6) feet to the beginning point; said premises being improved property, together with all the right, title and interest of the estate of W. A. Hemphill, deceased, in and to a parcel of land lying on the northeasterly side of said tract and more particularly described as beginning at the northeasterly corner of said tract and at the northeasterly corner of said platform, and extending thence northeasterly along Central Avenue, fifteen and four-tenths (15.4) feet to the line of the property of the State of Georgia; used as a right of way for the Western and Atlantic railroad; thence northwesterly along the line of said property of the State of Georgia forty-nine and forty-four hundredths (49.44) feet to a point; thence southwesterly sixteen and one-tenth (16.1) feet to the northwestern corner of said tract and to the line of said platform, and thence southeasterly along the northeastern side of said platform forty-nine and forty-four hundredths (49.44) feet, more or less, to the northwestern side of Central Avenue; upon which last described tract there is situated one railroad track and a portion of a second railroad track; all of said premises being the same property conveyed by Mrs. Lucile H. Harrison to W. A. Hemphill by deed, dated April 20, 1887, and recorded in Deed Book 84, page 78, in the office of the Clerk of Superior Court of Fulton County, Georgia; said premises being more particularly shown upon a plat of the same made by Hall Brothers, Civil Engineers, Atlanta, Georgia, March, 1914.

Said two parcels will be offered for sale separately.

Terms: One-fourth cash and the balance payable on or before one, two, three, four and five years, with interest on the deferred payments at the rate of seven per cent per annum, interest payable semi-annually.

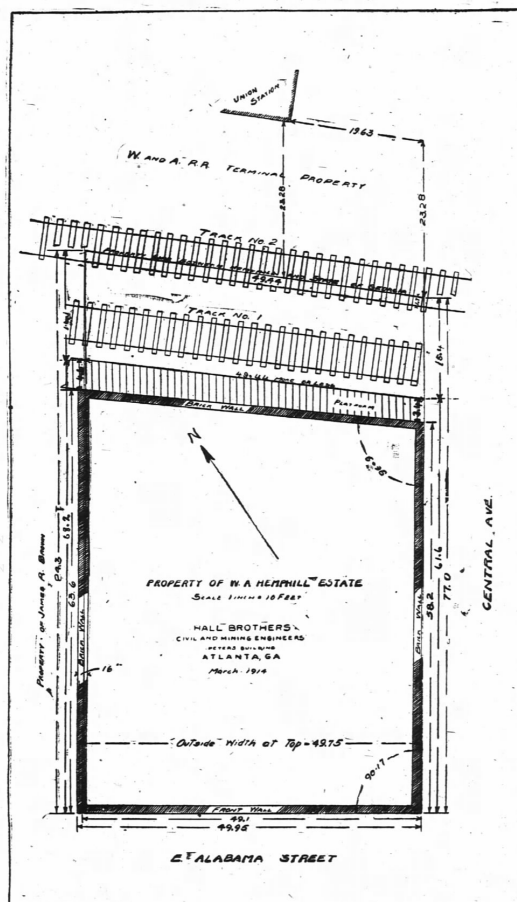

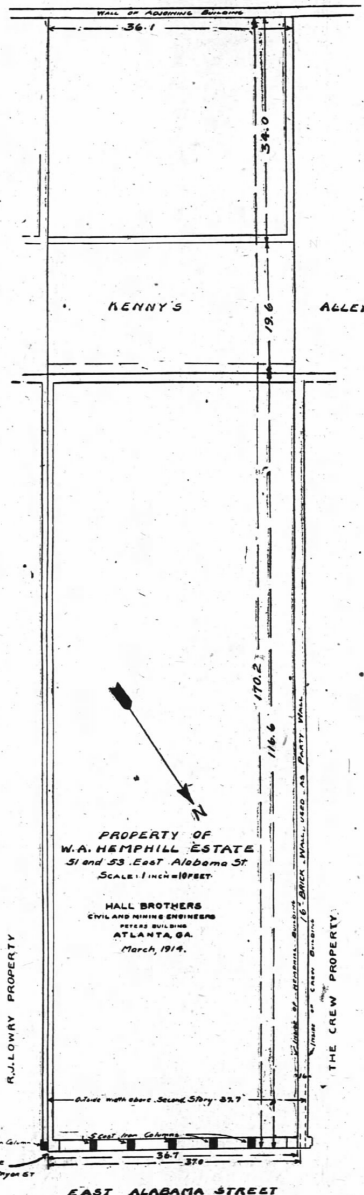

Said sale to be made subject to a confirmation by the Judge of the Superior Court of Fulton County, Georgia.

R. A. HEMPHILL, Commissioner.

W. F. CRUSSELLE, Commissioner.

J. W. MAYSON, Commissioner.

as aforesaid in Case number 27712, in the Superior Court of Fulton County, Georgia.

This is a chance of a lifetime, and under ordinary circumstances these parcels of land would not be upon the market. The property is in a most ideal location, always rented and pays a handsome income, and we are safe in saying that the public will not find this property on the market again in many years. Some day the State will rebuild the old depot and the city will finish the plaza plan in this district, and will make this property worth double its present value.

The terms will be one-fourth cash, balance on or before 1, 2, 3, 4 and 5 years, bearing interest at 7%, payable semi-annually. The Guarantee Company will issue Certificates of Title.

FOR PLATS AND INFORMATION, APPLY TO

EDWIN P. ANSLEY, Agent

ALL of your GARDEN and FLORAL needs ARE FOUND IN THE HASTINGS' BOOK of SEEDS

Not only a book of seeds, but a book of splendid and useful garden information as well. It's free to you on request. Mother Nature is awakening. Already some of the earliest of the fruit trees have bloomed. The leaf buds on the shade and forest trees are swelling, and almost before we know it all the trees will be in full leaf and beautiful again.

At this time of year the call of the soil is almost irresistible, and why should you or we resist that call? It's Nature's call, and answering it means renewed health and energy, the yards and lawns a picture of beauty, and in the vegetable garden will be found the practical—the health-saving as well as the money-saving, through healthful exercise and an abundant production of fresh, crisp vegetables, that cuts down store and market bills amazingly. It is garden time now, regardless of small interruptions by a cold rain or two, a sharp wind or possibly an occasional light frost. Nature knows when it is time to begin her annual growth, and man succeeds best as he treads most closely in Nature's footsteps. It's "garden time" in Georgia, according to Mother Nature, and no one is so wise as she.

Safe now to plant all the semi-hardy vegetables, such as lettuce, beets, radishes, carrots, turnips, onions, spinach, mustard, cabbage, etc. Within

two weeks all the tender sorts can be planted—beans, squashes, cucumbers, cantaloupes, watermelons, corn, sweet pepper, eggplant—all of those things that go to make your table appetizing and enjoyable.

The vegetables are the practical. Let's not forget the beautiful—the flowers that, once planted, stay with us through the summer, beautifying alike the yard, the porches and the vases on the tables. Last, but not least, don't forget the lawns; wherever they need renewing entirely or where bare spots need "filling in."

Regardless of whether you are interested in the vegetable garden, the lawn, or flowers, either from seed direct or the bedding plants from pots such as geraniums, coleus, salvias, etc., you will always find Hastings' the place to supply your needs. Seed and plant quality always right, and of varieties suited to our Southern soil and climate.

Hastings' Seeds are the standard of seed excellence and purity in all the Southern States. Through our Mail Order Department alone over 300,000 seed buyers are served with right quality, right variety seeds each year. Every Atlanta and Southern buyer can get the benefit of the services of a world-wide seed-growing organization that seeks to serve the seed buyer and planter best in Atlanta and in the South.

CLEAN UP, THEN BREAK UP AND PLANT

The Atlanta papers during the past few days have urged a "clean-up" of Atlanta. Why? Because in May we are to be visited by thousands of the "Shriners" from all parts of the United States, and we seek to make the very best of impressions on the visitors that we are glad to welcome.

We agree fully with this "clean-up" proposition, but why not go further and have not only a "cleaned-up" Atlanta, but a beautiful Atlanta as well, not only during the Shriners' week, but all through the year.

A clean Atlanta and a continuously beautiful Atlanta all the year depends, not on a committee, or on the newspapers, but on you—the owner of a home in or near Atlanta. It is strictly up to you as to whether you will make your yard clean and beautiful, not only during Shriners' week, but all the time.

The city can look after its parks, the children after the school grounds, but these are small compared with the tens of thousands of lots and yards in Atlanta that can be and should be made beauty spots not only for the "Shriners," but for ourselves and the tens, yes, hundreds of thousands of visitors that come to Atlanta every summer and fall.

Flags and bunting have their place and a large place in the decoration of Atlanta or any city on any special occasion. Atlanta or any other city may be ablaze from one end to the other with electric lights, but the impression that the visiting Shriner or any other visitor is going to carry away is not so much one of flags or bunting or electric lights, but an impression of clean, well-kept lawns, of flower beds in sight and porches filled with ferns and decorative plants. These are the things that really count, not only on special occasions, but all the time.

The Hastings business is some 24 years old. It has back of it a lifetime of experience in seed growing and seed selling in the South. It has back of it a world-wide seed-growing organization, not only on paper, but in fact. The Hastings business knows what you need in seeds and plants, and supplies them, and you will find the Hastings Catalogue for 1914 a splendid helper in making your selections.

The greenhouses from which our supplies of bedding and decorative plants come are filled, almost to overflowing, with the very best in plant variety and plant quality. Hastings' is the one house in Atlanta that you can absolutely depend on for right quality in your seed and plant supplies for 1914.

Further, we treat our seed-buying friends absolutely fair, in quality and price. No cut price, poor quality seeds or plants, no common seeds sold under high sounding names at double prices for half quantity packets. Right quantity of right quality at right prices is the Hastings way of doing business.

Come and see us and get a catalogue. If not convenient to come, just phone us either for catalogue or your order. Either will be delivered promptly. If out of the city, a postal will bring a catalogue.

DOUBLE DAILY DELIVERY SERVICE.

Twice daily our splendid double daily delivery service reaches all parts of Atlanta, insuring the very promptest delivery possible of your seed, plant and poultry supply orders. Any order placed or phoned in by 2 p. m. delivered at your home the same day. Phones: Bell, Main 3965, Main 2568; Atlanta 2568.

HASTINGS'

16 West Mitchell St.

Hastings' Tomato Plants

Splendid, strong green house grown plants for early plantings. Best Hastings varieties for early, medium and late maturity. Set out a few plants early. All varieties, 25 cents dozen.

Real Usable Values Are What Auto Buyers Are Seeking Now

By F. B. Ludvig.
(Southern District Manager Velle Motor Company.)

Developing a field for automobile sales is becoming more and more a question of presenting real usable value in the car than anything else.

Growing specifications and glittering generalities are thrown away on the average reader of automobile literature and automobile salesman the diligent use of this kind of literature is a waste of time and money.

Why should a discussion of specifications play a very important part in the sale of the car? Buyers everywhere know that if the manufacturing com-

pany is in business on a solid basis, it must build a good car. There can be no great difference in the motor dimensions and other specifications of the driving and running gear in cars selling at practically the same price. Only you will probably buy a very nearly the same amount of power and the same amount of speed.

Real Usable Value.

Real usable value goes long way back of the horse, stroke, the number of speeds, or the type of rear axle used.

If that is the foundation in the car built by the manufacturing company, it furnishes its own proof in the subsequent development of this car.

through years of manufacturing into the present-day product.

Real usable value means, giving everything to the buyer that is of vital importance to him in the satisfactory operation of his car, and then charging him for it.

It is folly to incorporate into the car such unnecessary features as selling argument and then sacrifice in real usable value in order to lower the standard of quality and strength in some vital feature in order to make a popular price.

Wise automobile buyers know what they want and they know what they get. They do not want and they do not get spectacular features are discounted 5 and 10 per cent even before the purchaser has gone into the details of the car itself.

And because of the limited demand for such features, due to the fact that the conservative manufacturer has found them of no real value, the cost of building them into the car increases in much greater proportion than the cost of building into the car real vital usable features.

Thousands of devices to be used on automobiles are being brought out

every month, and a tremendously small percentage of these are of real value, yet the majority of them get used. This means that the buyer who is not careful to examine every feature of his car, finds that he has paid for a great many things of which he has made it unnecessary for the manufacturer to take away from some other part of the car.

These Are Regulations.

Of course, such features as electric lighting and starting, speed indicators, etc., are regulations. To the proper use of these regulations is limited. If features which were not of actual usable value to the owner did not creep into the working parts, but were confined merely to accessories, there would be much less chance for the average buyer to pay a substantial price for what he is not getting adequate return. But as manufacturers are constantly working out schemes to alter standard types of cars and present alterations that offer unusual possibilities for breakdowns or require an unusual amount of attention with-

out proving themselves of actual value or real merit.

Velle engineers have steadily avoided building into the car anything but what has been demonstrated of actual service, and what has been proved to be of real value.

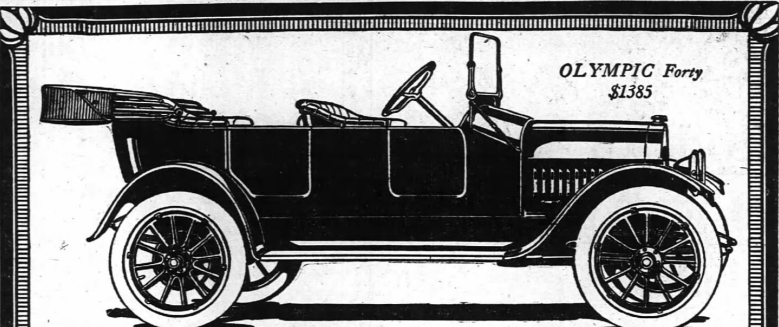

Wherever the Velle is sold it is being known as a car that represents the utmost in real usable value to the owner.

We have found that this line of approach is one that demands immediate attention, and which results in a majority of cases in greatly increased interest on the part of the prospective buyer.

Prof. J. Wagner, official starter of great automobile contests on the road,

the speedway and sometimes on tracks of America, reached Detroit Tuesday, March 17, bound east, where he resided. Mr. Wagner is vice president of the Velle Rubber company, and also a prominent farmer at Southtown, in a model farm. On the present trip to the Pacific coast he started both the Grand Prize and the Vanderbilt races, and in speaking of these events was unflinching in his praise of the management of the events by the Western Automobile association, which conducts automobile sporting events in the American automobile association on the coast. The Grand Prize started \$15,000 in prize money to the riders, and after making good money on the race, increased the purse to bring the grand total to \$18,000, doing this voluntarily. Mr. Wagner visited San Francisco, and says that the plan of J. B. Cuffey, a prominent farmer at Southtown, is a strong probability, however, of a great road race in the northern part of California during the Panama-Pacific exposition next year. It was with regard to this that Starter Wagner made the trip to Chico.

John A. Moore, traffic manager of the Velle Rubber company, reached recently to take up a similar position with the Velle Rubber company and the Velle Rubber company, both of New York.

What Is YOUR Definition of the RIGHT Car?

Is it what thousands of careful, shrewd buyers have demanded and found in Jackson cars? If your definition of the RIGHT car means

**An Established Reputation of the Manufacturer,
A High Standard of Quality Reasonably Priced,
Dependable Serviceability at Low Up-Keep Cost,**

then you too will find it in any one of the models of the Jackson 1914 line.

The OLYMPIC Forty \$1385

This motor car gives a new economical significance to the term "Reasonable Price," for it possesses more features of design and construction that have been developed and met with the approval of the buying public than have ever been found in a car at its price. You may even compare it to cars up to fifteen hundred dollars, and it still more than holds its own.

An examination will prove to you that this forty horse power car at \$1385 is what you would define as RIGHT.

Bigness

The long wheel base of 115 inches enables the placing of a big, roomy body on the chassis. There is a feeling of comfortable ease and roominess in the tonneau and the front compartment. There is room to spare everywhere. No crowding in the rear seat when three passengers are carried there. Leg room and elbow room for all.

The bigness of the body permits the use of unusually wide doors, making it very easy to get into and out of this car.

The wheels are big and the tires are big. In short, there is a comfortable bigness about the whole car.

Power

A full forty horse power motor is fitted to this car, ample to take it, fully loaded, wherever a vehicle can get traction, or where any reasonable driver would risk going.

The experience and knowledge of twelve years of motor building gives Jackson motors that irresistible power, for which there is "No Hill Too Steep, No Sand Too Deep."

Jackson motors are power savers. Their big, quick acting valves permit easy and free passage of the gases. And the use of high quality metals saves the motors from wear.

Electric Cranking

The electric cranking system of the Jackson is simple, safe, certain.

Weather conditions or poor gasoline don't worry the Jackson owner. The starting motor will whirl the engine until it starts under its own power.

Complete lighting system and electric horns are included in Olympic equipment.

The electric control units are placed within easy reach of the operator.

Silence

Here is one of the biggest features of Jackson automobiles—They run silently. A quiet running motor is an indication of a good motor.

In the Jackson engines every bearing is machined to a perfect fit, and all reciprocating parts are perfectly balanced. Jackson silence is the natural result of experienced design, careful workmanship and thorough testing.

All you hear out of a Jackson motor is that soft, sweet purr that is a sign of power without friction.

Comfort

First, there is the 115-inch wheel base, carrying a big, roomy body. Long wheel base means easy riding.

Second, the thick, genuine curled hair upholstery, deep, wide cushions on the seats, high and thickly upholstered backs and sides. Third, the full elliptic springs in front and rear. This type is the nearest approach to scientific perfection in automobile spring suspension. And it may be interesting for you to know that this is the most expensive form.

Full elliptic springs take up most of the road-shocks and vibrations, saving the passengers and the delicate mechanism of the car.

Dig wheels and big tires also add to the comfort and roadability.

"Olympic Forty" \$1385

115-inch wheel base and wide seats; full 40 horse power; beauty of design second to none; full elliptic springs front and rear; tires 34 x 4; smooth, quiet running closely approaching silence; electric cranking lighting, and complete equipment.

"Majestic" \$1885

Long stroke, four cylinder motor, 44 x 4; 45 H. P.; electric cranking and lighting. Wheel base 134 inches. Tires 36 x 4. Full elliptic spring suspension front and rear. Full floating rear axle. Extra roomy body. Wide seats, wide doors, lockable cushions. Completely equipped.

"Sultanic" \$2150

Long stroke, six cylinder motor, 44 H. P.; electric cranking. Wheel base, seven passenger, 138 inches; five passenger, 132 inches. Tires 36 x 4. Full elliptic spring suspension front and rear. Full floating rear axle, ball bearing throughout. Completely equipped. Seven passenger model, \$2500.

JACKSON AUTOMOBILE COMPANY, JACKSON, MICHIGAN

Mr. Tire User What Does Extra Price Buy?

What More Than Men Get in No-Rim-Cut Tires—the Most Popular Tires in the World?

Many tires—particularly anti-skids—are sold at advances up to 50 per cent over Good-year prices.

Lower prices are easily explained. One can always skim quality. But how do makers justify those vastly higher prices?

What Do They Say?

Do they claim that they have an anti-skid better than our double-thick All-Weather tread? If so, won't you make a comparison?

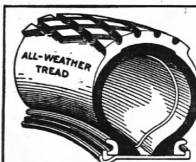

Do they claim greater mileage? If so, how have Goodyears, in the test of time, become the most popular tires in the world?

Do they claim better features? Note that the four greatest features used in tires today are found in Goodyears only.

The Costliest Tire

The fact is that Goodyears are the costliest tires built, save for what we gain by output and efficiency.

They are the only tires final-cured on air bags, to save the blow-outs due to wrinkled fabric. That extra process costs us \$1.50 daily.

GOODYEAR
No-Rim-Cut Tires
With All-Weather Treads or Smooth

They are the only tires in which hundreds of large rubber rivets are formed to combat tread separation.

They are the only tires which have All-Weather treads, or any anti-skid which compares with them.

The Limit in Low Cost Per Mile

No man knows of any way to lower our cost per mile. And, in all probability, nobody ever will.

We spend \$100,000 yearly on research and experiment. But we have in years found a single way to better formula of fabric materially.

On a value basis, No-Rim-Cut tires should be the highest-priced tires in America. And once they were. They sold for one-fifth more than other standard tires, because of costly methods no one else employs.

They can't be rim-cut. And no other maker does what we do to save blow-outs and loose treads.

A higher price means simply higher profit. Else it means small output or inefficiency. You cannot wish to pay for things like that.

Practical Clothes for Children

THE red and white striped percale dress worn by the older girl is made with a black satin girdle, crossing in front over a vest, formed of tucked lawn, and stripes of Val. lace. And with this is worn collar and cuffs of the lawn making a charming, economical and easily laundered frock for the growing girl.

Made after the style of the suits known as "David Copperfield" is this little boy's suit of blue linen with white linen collar and cuffs. This suit may also be made of other materials, such as cotton poplin, kindergarten cloth and others of that type.

Green and blue Scotch plaid gingham is the material of the little dress worn with the white guimpe. White lawn trimmed with lace forms the collar, cuffs and guimpe. With this dress is worn a black satin belt, which ties in the back.

A very practical coat made on lines of the peasant's smock, worn with hair ribbon and tam o'shanter of bright red, forms an attractive costume for the small girl.

The baby's dress may be made of nainsook, dimity, batiste or handkerchief linen. It may be smocked in blue, pink or entirely in white. With this is worn little slippers to match.
